Although the syllable “shem” is in the Hashemite family name of King Hussein of Jordan, it is no sign that he qualifies for any rank, if indeed he is a descendant of Abraham! We find a concise genealogical record of the Hashemite family on the Internet at:

[kinghussein.gov.hash\\_inhtmljo/http://wwwtro:](http://kinghussein.gov.hash_inhtmljo/http://wwwtro:)

“The Hashemite royal family is interwoven into the life of Jordan, having established the modern state in 1921. It is impossible, therefore, to understand the fabric of Jordan’s modern history without some knowledge of the royal family. The Hashemites, or “Bani Hashem,” are descendants of the Arab chieftain Quraysh, a descendant of the Prophet Ismail, himself the son of the Prophet Ibrahim (Abraham). Quraysh first came to the holy city of Mecca during the second century CE. The first generation of Quraysh to rule the city came six generations later, when Qusayy bin Kilab ascended to the leadership of Mecca in the year 480 CE. The name ‘Hashem’ is actually that of Qusayy’s grandson, who was the great-grandfather of the Prophet Muhammad (PBUH). The Hashemites are thus the direct descendants of the Prophet through his daughter Fatima and her husband Ali bin Abi Talib, who was also the Prophet’s paternal first cousin and the fourth caliph of Islam.”

If any of this is true, we are instructed by the apostle Paul at Gal. 4:27-31:

**“<sup>27</sup> For it is written, Rejoice, *thou* barren that bearest not; break forth and cry, *thou* that travailest not: for the desolate hath many more children than she which hath an husband. <sup>28</sup> Now we, brethren, as Isaac was, are the children of promise. <sup>29</sup> But as then he that was born after the flesh persecuted him *that was born* after the Spirit, even so *it is* now. <sup>30</sup> Nevertheless what saith the scripture? Cast out the bondwoman and her son: for the son of the bondwoman shall not be heir with the son of the freewoman. <sup>31</sup> So then, brethren, we are not children of the bondwoman, but of the free.”**

Surely, Nord Davis was not casting out the bondwoman, but offering her an equal place with the free woman! Instead of casting out the bondwoman, Nord was embracing the bondwoman! Now continuing with his:

Now continuing with *Desert Shield*, pt. 5: “Peace be unto God and Our Father Abraham” (Saddam Hussein, in a TV speech to his people the day Desert Storm started), by Nord Davis:

“On January 17th [16th Jordanian time], we awoke and heard the terrible news. The New World Order War, revealingly identified as **Desert Storm**, began under direct orders from Henry Kissinger through his mouthpiece President Bush. We had not succeeded in our primary mission to King Hussein to stop the war through an honorable withdrawal by Iraq from Kuwait. As one of the King’s Advisors told us, ‘Even the finest coffee cannot be consumed when it is boiling.’ Now, the King would be far too busy to talk to us though we were assured that our Proposal had been presented favorably to him for his consideration.

“As the record will someday show, it was the intent of those directing the Zionist objectives in the Middle East to see to it that approximately 50,000 Americans, and other soldiers of the ‘allies,’ die at ‘the hands of the Arabs’ in the desert. The official conservative Pentagon ‘estimate’ was 39,000 men killed. Other estimates were much higher. One of the primary covert purposes of Desert Storm was to create generations of hatred in America of the Arabs as a people. With thousands of Americans coming home in body bags, the legitimate Arab Cause within the United States would be ignored. Without the death of thousands of American troops, such that most American families were touched with grief, and that every hamlet, town and city had lost loved ones, the Zionist objective of their ‘Greater Israel’ could not be politically approved by the rank and file Americans.

“In preparation for Desert Storm, as is now being revealed, the ‘allies’ had provided Saddam Hussein with chemical and biological weapons of mass destruction, such that as many as 10,000 Americans could have died in a single night from the dreaded Anthrax bomb. You do not think that the so-called Third World nation of Iraq was able to come up with this sophisticated diabolical weaponry on their own, do you? The Zionists did not care how many American men and women died at the hands of an Arab people. In fact, the more who are killed, the better it will be for the Zionist Cause. There is no better way to further the political and territorial Zionist Cause among indifferent and apathetic Americans than to have 50,000 of their sons, brothers, husbands and dads killed by ‘the Arabs.’ Thus, instead of using the regular military composed of essentially young men without responsibilities, it was decided to call up the older Reserves and even older National Guard, so that as many family men as possible might die this horrible death. What’s the matter with you Americans? Didn’t you notice this unusual age mixture among the troops chosen to fight in Desert Storm? We had more than a hundred of these family men called up from our little North Carolina mountain community. These men, because of their family responsibilities and their age, would have been exempt from any such combat assignments in all previous wars, including WWII, Korea or Vietnam. Fellow Americans, you have to learn to see what you are looking at!

“As will be carefully taught in the next section of this book [‘The Faithful and the Infidels’], the legitimate cause of the sons of Joktan has been ignored by the world for centuries. As we pointed out in our **Project Sheba** Proposal, and carefully delineated to

the advisors to King Hussein and the Crown Prince, that Arab Cause will be irreparably destroyed in the hearts and minds of the American people if war were to break out and the projected 50,000 Americans were to die of horrible Anthrax deaths on the deserts at the hands of the Arabs. We suggested to them that instead of looking at this situation from only the eyes of an Arab and a Muslim, instead try to look at this situation through the 'cultural filter' of the shallower understanding of a Christian American. If the Islamic world wants understanding, sympathy and help in their Cause from America, the worst thing that could possibly happen would be for tens of thousands of Americans to be killed by Iraq!

"My companion and I watched as the recognition of this truth sunk in. Every advisor to His Majesty's Court whom we talked to understood, perhaps for the very first time, that for Saddam Hussein to carry out either his personal or national goals in annexing Kuwait, regardless of whether or not those goals were justified, would be counterproductive to the historic and far longer range Arab objectives in the region. Each of these politically astute men, all of whom were of 'The Faithful', now seemed to understand that for Saddam Hussein to employ his tactical chemical and biological weapons, or to kill Americans by the thousands on a protracted conventional war in the desert, would play right into the hands of the Zionists and their socialist New World Order friends.

"The Prime Minister of Israel, Yitzhak Shamir, was on Israeli TV that night speaking to the Jews in Yiddish. I saw him on our hotel TV. His speech was translated for me by my scholarly friend. The head of the modern Pharisees stated that the purpose of [the] Desert Storm War was 'to eventually secure for Israel all the lands that once belonged to King Solomon and King David.' This is the Zionist's 'Greater Israel'. You go back to your Bible maps, and see what territory those Kings of Israel controlled and you will see that it included what is now the lands of Jordan, Lebanon, Syria, most of Saudi Arabia, Kuwait and Iraq! Do you approve? The second part of our **Project Sheba** Proposal was that in the event war broke out, Saddam Hussein was to be told that 'no Americans were to be killed.' We told the King's advisors, who were in general agreement, that His Majesty was the only man who might be able to convince Saddam Hussein not to put up a fight for the greater good of the historical Arab causes, peoples and goals, in the event of war. How better would it be to frustrate the Zionist objectives, giving the American people time to be taught, by us if necessary, the Arab side of the story, by having Saddam simply not fight back?

"It remains our theological position that King Hussein is the 'Queen of the South' spoken of by Jesus Christ in Matthew 12:39-42. He gave both a threat and prophecy concerning the Pharisees' future children because of the nature of their satanic race, just as Obadiah had done before Him. These children of the Wicked One would have to be in a close enough proximity to where the 'rising in judgment' of the Queen of Sheba against them would have a specific and significant meaning. Historically, such an event could not have happened, and it has not happened, at any previous time. The Sign of the Prophet Jonah is now only beginning to happen.

"His Majesty, King Hussein is the spiritual leader of all of fundamental Islam. Only a visitor to Jordan could possibly begin to appreciate how this man is loved by his

people, both Muslim and Christian. His word is respected and followed by the Muslim people. He has more personal loyalty than ever given to any Pope in the history [of] the Roman Catholics. What he says, at least so far as the Islamic world is concerned, is generally done.

“When King Hussein wears the ancient Headdress of Father Abraham, the spiritual significances, the national and racial heritages and everything else wrapped up in the Arab culture for centuries harmonizes into their thought-theology and everyone from Presidents to camel drivers respectfully listen. No Christian can fully understand what I am teaching unless he has lived among the Arabs for a little while. The King speaks quietly, but when he does, millions of Arab people accept his national message. On Friday, January 18th, the speaker in Amman, Jordan’s largest mosque, one block from our hotel, had this to say about Desert Storm:

*“This war is between a subverted, diluted Torah and a perverted Talmud, and the Truth. It is between Christ and Muhammad, and the Community of Devils.”*

“We are not presuming to know how, or in what manner, King Hussein may have made his suggestions to Saddam Hussein. Even if we did know, it would not be proper or appropriate to state it publicly. Further, His Majesty is astute enough to have come up with **Project Sheba’s** compelling logic and Godly tactic for Saddam Hussein without the help of two Christian Americans. Until we were there, it now appears in God’s Plan he did not.

“However, in startling contrast to Saddam Hussein’s many statements and forecasts about what would happen to the Americans who came to fight in the desert, right after our three days in King Hussein’s beautiful marble palace, Saddam’s public statements made a complete about face. We saw him on Iraqi TV speaking to his people, right after Desert Storm began, and he had this to say:

*“We have no quarrel with the American people. We have no quarrel with the soldiers and aviators who have come here. Our only quarrel is with the infidel government in Washington and the Zionist Influences which have sent them over here to destroy our country.”*

“So far as I know, that statement was never picked up by the American news media, though it is widely known in Europe and elsewhere. From that moment on, around 6 P.M. Jordanian time, Saddam Hussein did not engage in battle with the American soldiers. He never ordered his tanks into an offensive ground war. He never fired a SCUD at any American aircraft carriers, airbases, tanks or troop concentrations. In so far as he was able, and remember he is dealing with some crack troops who had been trained, primed and ready to fight ‘the infidels’, his soldiers took a terrible pounding, and as many as 150,000 were killed, but few fought back. Less than 50 Americans were killed, when the largest armada in history met the 4th largest army in the world on the field of battle. Incredible!

“Predictably, Saddam’s **only** attacks were against the Pharisee Zionist State and against the assets of the Saudi Arabian Royal Family. The Saudi Royal Family, by the way, are not ‘racially pure Arabs’. The fact is, that they are intermixed with the racial stock of Esau-Edom! With this knowledge, you can quickly understand why they, and their Edomite brethren in Kuwait’s ruling family, side with Israel against Iraq. Thus, as

predicted by Christ, the Men of Nineveh rose in judgment against the generation of vipers whom the speaker in the mosque identified as the 'community of devils.'

"It is my duty to warn you, it's not over yet. You might say that we are in the 'eye' of the Desert Storm. We are in the relative calm before the storm finally begins that will sweep away Esau-Edom from the Holy Land. God is ticking off His Divine Appointments in time, and He will one day, very soon, wipe from the face of the earth the wretched Seed of the Wicked One. Even so, Lord Jesus, come quickly!

"Think of this. The Holy Lands, under God's Law, were defiled by the Blood of the murdered Christ when it spilled into the ground from the sword of the Roman guard. God's Law states that the land is not cleansed until the blood of the murderer is spilled into the ground. That has never been done in almost 2,000 years! As part of the Sign of Jonah, this will soon come to pass in Jerusalem.

"The Zionists have now seen the Sign of the Prophet Jonah, and they understand it fully. Our blind Christian Americans are only now beginning to see Jonah's Sign. They still haven't the faintest idea how America got off so lightly in a war that 'everyone said' would kill tens of thousands of their loved ones. They are now calling it a 'miracle.'" Yes, it was the miracle of Jonah's Sign."

-----  
"Our Brother Jonah", Conclusion by Nord Davis

"As far as I can tell, the Prophet Jonah was not considered in the Word of God as any kind of national hero. II Kings 14:25 states that it was through God's Word being preached that a great section of Israel was restored. Other than that, and his account in the Book bearing his name, he is not mentioned again in the Old Testament. He did what he had to do, but was not a hero. It was the King of Nineveh who was the real hero in the Book of Jonah, though the King would have done nothing without Jonah's eight word sermon. Except for Christ's reminder of Jonah's actions as a forecast of things to come as the Sign of Jonah, Jonah is not even mentioned again in the New Testament. He is not listed among the great men of faith in Hebrews 11, so in addition to not being a national hero, he was not a man of particular or outstanding faith either! The plain fact is that Jonah was merely a sinner as most of us are, angry all too often when things do not work out as we would have liked. He even asked God to take his life after doing that one great thing for which he will always be remembered! The Lord said no. Then Jonah went out of Nineveh and had a personal 'pityparty', sitting in a small shack pouting! Yet, we still call him a prophet. and rightly so. God gives us the answer in these words:

"'And should I not spare Nineveh, that great city, wherein are more than six score thousand persons that cannot discern between their right hand and; their left hand...', Jonah 4:11.

"What is discerned with the right and left hands in the Bible? Isn't it sheep from goats? Thus, in the pattern and type of Jonah, America and readers around the world, are not to look upon Nord Davis, Jr., or my delightful companion as anything more than sinners saved by God's Calling and Grace. We were sent to preach before a King of His People to the end that the nations of those who still cannot discern between sheep

and goats might finally understand and be saved. This is the Sign of the Prophet Jonah. Amen!"

*Nord Davis*

\*\*\*\*\*

I really am impressed with Nord's illustration of how to discern one's right hand from his left! Surely he is correct, for truly Yahweh's sheep are on the right and all of the nonwhite and racially mixed goats are still on the left. But what amazes me is why Davis would want to fly all the way to Jordan to exchange views with goat-people like King Hussein! We are given a roster of goat-people at Psalm 83:1-8, so let's see if King Hussein is listed among them:

**"<sup>1</sup> Keep not thou silence, O God: hold not thy peace, and be not still, O God. <sup>2</sup> For, lo, thine enemies make a tumult: and they that hate thee have lifted up the head. <sup>3</sup> They have taken crafty counsel against thy people, and consulted against thy hidden ones. <sup>4</sup> They have said, Come, and let us cut them off from *being* a nation; that the name of Israel may be no more in remembrance. <sup>5</sup> For they have consulted together with one consent: they are confederate against thee: <sup>6</sup> The tabernacles of Edom, and the Ishmaelites; of Moab, and the Hagarenes; <sup>7</sup> Gebal, and Ammon, and Amalek; the Philistines with the inhabitants of Tyre; <sup>8</sup> Assur also is joined with them: they have holpen the children of Lot. Selah."** It would appear that King Hussein would fall either in the Ishmaelites or Hagarenes category (probably the Ishmaelite classification as per his professed family tree). Evidently Hagar may have taken a second husband after being cast out by Abraham and Sarah and bare other children, and as the custom was among some, the offspring would take their mother's name rather than the father's. This would account for the appellation "Hagarenes". But the bottom line is that Nord, as an Israelite, had no good reason for negotiating with the goat-person, King Hussein! I have researched extensively the history of the Hashemite family and have found absolutely nothing to indicate that King Hussein of Jordan was related in any way to the Queen of Sheba! As a matter of fact, King Hussein of Jordan and his people are part of the wall of thorns to help prevent true Israel from returning to Palestine!

Inasmuch as King Hussein of Jordan claims a lineage back to Mohammed, we should become familiar with the Bible prophecy concerning this antichrist false prophet at Daniel 8:8-10 and Rev, 9:2-3, 7-9, 11:

Daniel 8:8-10: **"<sup>8</sup> Therefore the he goat waxed very great: and when he was strong, the great horn was broken; and for it came up four notable ones toward the four winds of heaven. <sup>9</sup> And out of one of them came forth a little horn, which waxed exceeding great, toward the south, and toward the east, and toward the pleasant *land*. <sup>10</sup> And it waxed great, *even* to the host of heaven; and it cast down *some* of the host [*Israelites*] and of the stars [*leaders*] to the ground, and stamped upon them."**

Rev. 9:2-3, 7-9, 11: **"<sup>2</sup> And he opened the bottomless pit; and there arose a smoke [*false doctrine*] out of the pit, as the smoke of a great furnace; and the sun and the air were darkened by reason of the smoke of the pit. <sup>3</sup> And there came out of the smoke locusts upon the earth: and unto them was given power, as the scorpions of the earth have power ... <sup>7</sup> And the shapes of the locusts were like unto horses**

prepared unto battle; and on their heads *were* as it were crowns like gold, and their faces *were* as the faces of men. <sup>8</sup> And they had hair as the hair of women, and their teeth were as *the teeth* of lions. <sup>9</sup> And they had breastplates, as it were breastplates of iron; and the sound of their wings *was* as the sound of chariots of many horses running to battle ... <sup>11</sup> And they had a king over them, *which is* the angel of the bottomless pit [*chief envoy of Satan*], whose name in the Hebrew tongue *is* Abaddon, but in the Greek tongue hath *his* name Apollyon.” Surely this does not speak well of King Hussein’s progenitor, Mohammed! Also, Nord speaks of “racially pure Arabs” which is nonsense, as “arab” means “mixed”, #6151!
